EDUCATION:

INFORMATION TECHNOLOGY ,
Goa college of engineering

2022-2026
Farmagudi, Goa

EXPERIENCE:

FRONTEND DEVELOPER

FEB 2026 -

SMRKONOVA

JULY 2026

- Developed responsive and user-friendly web interfaces using modern frontend technologies.
- Ensured consistent UI/UX across web and mobile platforms.
- Implemented responsive layouts compatible with desktops, tablets, and mobile devices.

PROJECTS:

SalahGuide | [Faaris](#)

FLUTTER, NEXTJS, SUPABASE

- Islamic digital wellbeing app (Flutter) that blocks distracting apps during prayer times via system overlay, on-device ML inference (TFLite), WorkManager scheduling, Supabase backend, and Aladhan API integration.

NAZR | Women's Safety App

FLUTTER , FIRESTORE

- Built a cross-platform women's safety app with real time SOS, live tracking, and a guardian web dashboard using Flutter and Firebase.

ClinicPulse | Clinic Management App

FLUTTER , NEXT.JS , FIREBASE

- Built a clinic management system with a Flutter app and Next.js dashboard for real time appointment tracking and patient analytics using Firebase.

Nazrco.in | Interactive Web Application

NEXT.JS , TYPESCRIPT, GSAP

- An interactive, animated web application designed on Figma and built with Next.js, TypeScript, and GSAP. Features complex scroll based animations, custom motion hooks, and clean UI design, combining pixel-perfect visual polish with zero lag performance optimization.

SUMMARY

Frontend Developer and UI/UX Designer with hands-on experience crafting intuitive, user-centered interfaces and building cross-platform web and mobile applications. Proficient in React, Next.js and Flutter, with a strong focus on design systems, responsive layouts, and pixel perfect implementation. Passionate about shipping real products from a Play Store published women's safety app to AI powered automation tools. Experienced in transforming complex design wireframes into fluid user flows and integrating APIs, real-time interactive components, and AI services like Google Gemini into production applications.

SKILLS:

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3/SASS, Python

Frameworks & Libraries: React, Next.js, GSAP, Three.js, Flutter, Tailwind CSS, BeautifulSoup

UI/UX & Design Tools: Figma, Adobe XD, Design Systems, Wireframing, Interactive Prototyping, Component Libraries

Tools & Platforms: Git, GitHub, Vercel, Firebase, Supabase, Postman, Android Studio, MySQL, macOS / Command Line

Core Concepts: Motion Design, Web Performance, Responsive Web Design, State Management, Web Scraping / Data Extraction.
